Sarasota, FL 34240

ABOUT THE CLINICIAN

Michael Wildenstein, CJF FWCF (Hons)

Retired Adjunct Associate
Professor of Farrier
Medicine and Surgery in
the Department of Clinical
Sciences Cornell University

Hospital for Animals. Michael Wildenstein is certified as a Journeyman Farrier by the American Farriers Association and is a Fellow with honors of Britain's Worshipful Company of Farriers, and inducted into the International Horseshoeing Hall of Fame in 2006.

He learned to shoe from his grandfather while still in high school, a time during which he also engaged in horse logging. In college he studied forestry, biology and education. After a stint at teaching he decided to turn his hobby of shoeing horses into an occupation. He furthered his knowledge by attending Rocky Irons Farrier School in Turo, Nova Scotia, and the Farrier School at Cornell University in Ithaca, New York. Mike then worked as a farrier for six years before moving to Denmark, where he took more horseshoeing courses and started a shoeing business. From 1991-2010 Mike was the resident farrier at Cornell, earning a position of adjunct associate professor; teaching farrier students, veterinary students and agriculture students, as well as working on lame horses referred to the Cornell College of Veterinary Medicine. Mike joined the FPD team of clinicians to help further the company goal of contributing to the industry with a multitude of educational programs.

He specializes in the shoeing of lameness cases and heavy horses, and often lectures on these subjects throughout the United States and Europe. His methods are described in his videotape "Fundamentals of Draft Horse Shoeing," and the book "Draft Horses: an Owners Manual," co-authored with Beth Valentine, DVM, PhD. English and Spanish.
