

New FootPro™ CS PLUS® Hoof Treatment

The FootPro™ CS PLUS® Hoof Treatment is a new clay based hoof treatment with copper sulfate, iodine, venice turpentine and tea tree oil. The product is used to treat hoof separations or surface pockets in the sole and frog where bacteria may be present. Packed in a convenient 10 oz. jar, the material is easily spread and leaves no "stain" on the farrier's fingers.

New Diamond® Wood/Polyurethane Twist-On Rasp Handle

The new Diamond® Wood/Polyurethane Twist-On Rasp Handle will be available this month. This rasp handle combines the comfort of wood and the durability of plastic. The twist-on handle is designed for farriers who prefer the feel of a traditional wood handle but desire the better rasp fit offered by plastic handles.

JUST A REMINDER

New Liberty 6 Combo Slim

Regular and Cu versions of the new Liberty 6 Combo Slim are now available. These nails are an excellent choice for larger shoes punched for American nails, but will also seat in E punched shoes. Farriers will appreciate the length and slightly larger head of the 6 Combo Slim. The Liberty 6 Combo Slim nail is 54mm long.

Diamond® Clinch Cutter

The new Diamond Clinch Cutter is now available through FPD Dealers. Drop forged from high-quality tool steel, the clinch cutter has a double-beveled cutting edge that allows for ambidextrous tool usage. A flat surface on both sides makes this the perfect tool for close clinch cutting. There is a pritchel located on the opposite side for cleaning and sizing nail holes.
